

# KETTLEY PUBLISHING COMPANY

*"It's the best investment you'll ever make to enhance your presentations and grow your practice."*

*Marvin Feldman, CLU, ChFC*

## BACK ROOM TECHNICIAN

**Back Room Technician®** is like having a complete financial library on your computer, except it's more affordable and easier to use. With almost 500 different illustrations of today's most important financial topics,

Back Room Technician will make you the advisor clients turn to first for up-to-date information and guidance.

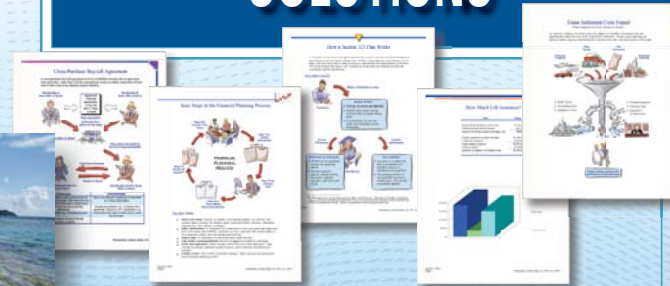

- Choose from text reports, diagrams, tables, or illustrations
- Carefully researched and written in everyday language
- An essential part of client service and business building activities
- Used by over 100,000 financial advisors, in banking, insurance, accounting and securities

**Financial Planning Solutions®** is the only resource you need for providing relevant, detailed analyses of Retirement, Survivor and Education Funding needs. Powerful, simple to use, and fully integrated with the other Kettley products, Financial Planning Solutions can be as comprehensive or as specific as your client's needs.

- A full range of "what if" analysis capability
- Comprehensive income tax and Social Security calculations
- Ibbotson asset allocation data
- Tuition and expense information for thousands of colleges and universities

## FINANCIAL PLANNING SOLUTIONS

## ADVANCED PLANNING SOLUTIONS

**Advanced Planning Solutions®** is four tools in one:

- **Business Quick-Plan:** Produce business continuation and key employee proposals

that business owners and key executive clients understand... and act on!

- **Estate Cost Estimator:** Provide clear and comprehensive estate planning solutions...with less time and effort.
- **Estate Quick-Plan:** Qualify prospects for estate planning. Create estate planning proposals in less than 10 minutes!
- **Charitable Quick-Plan:** Compare charitable gifting strategies with other options for saving income and capital gains taxes while improving cash flow.
